## Deadpool Pinball

*Deadpool, designed by Stern's EVP Product Development George Gomez and based on the fantastic comic book art that first appeared in Marvel's 1991 "The New Mutants" #98.*

*Deadpool is the "Merc with a Mouth". He is an irreverent, disfigured and deeply disturbed mercenary and assassin who has superhuman physical prowess and accelerated healing. Pinball players battle Deadpool's iconic Marvel foes, team up with Deadpool's X-Men buddies, go on Time Travel Quests, and revel in Deadpool's irreverent attitude.*

*Deadpool will appear in many more Marvel movies, remaining in the public eye. As great as the movie images are, the comic book style art jumps out. Now famous pinball artist Zombie Yeti made this game bright, colorful and absolutely stunning.*

*LCD display art matches with original animation, not lifted movie scenes. It has the look and feel of 1980's video fighting games.*

*The LCD animation is activated by hitting targets and reflects playfield action. See the attached pictures of LCD display fight scenes, with weapons that players can collect on left and Deadpool's Marvel character friends across the bottom.*

### Dimensions

H: 191cm

W: 69cm

D: 140cm

Wgt: 114kg

### Additional information

Category: Pinball

Manufactured by: Stern
