Bar-X Diamond Tickets

Where Classic Gameplay Meets Modern Excitement!

Electrocoin's Bar-X Diamond Tickets brings together the timeless appeal of the classic Bar-X with the thrill of ticket redemption in a brand-new 3-player 'Reel Fun' game. Designed to drive engagement, this game is a dynamic blend of retro charm and modern reward mechanics.

Players press start to spin the iconic reels, matching classic symbols like bars and X's to win tickets. Hitting 3 Diamonds in any of 27 combinations triggers the Big Bonus, where giant top-box reels spin for even more prizes.

It's packed with authentic Bar-X sound effects and graphics, a sleek illuminated cabinet and a community feature that rewards all active players when the bonus is won.

Operators will love the tried and tested branding, low maintenance and strong performance. It's ideal for arcades, FECs and leisure venues, and available in 10p / 20p play.

Bar-X Diamond Tickets is not just another machine – it's a player magnet and a testament to Electrocoin's innovation, as they have teamed up with Eurotek to bring the latest twist on a popular brand. For operators looking to stand out and offer a Bar-X alternative in today's ticket redemption wave, this is your game-changer.

Get Spinning. Get Winning. Get Bar-X Diamond Tickets!
