Hit and Smash

Hit & Smash – A classic carnival game brought to coin op!

Players must throw the balls and 'Hit & Smash' the mechanical bottles and every time a bottle is knocked down, points are earned and accumulated. Players have to clear three stages to win the big bonus prize!

*If players accumulate enough points and exceed the target score, they will progress to the next stage for the opportunity to win the big Super Bonus prize**

Extra points are awarded for 'smashing' over the smaller bottles – the more points earned, the more tickets that can be won!

Link two machines together for players to compete against each other with the winner receiving the tickets!

Hit & Smash by [Electrocoin](#) – Redemption, Skill & Prize Vending Games

Big Super Bonus prize can either be Tickets or a large capsule (90mm)

Presented with LEDs, bright colours in a durable metal cabinet with storage capacity, this is certainly a game to light up your family entertainment centre.
