## Pokémon by Stern Pinball

Get ready to catch 'em all in a whole new way!

Stern brings the legendary blockbuster license to Pinball. The Pokémon universe comes to life in an immersive pinball adventure. As the world's largest IP, Pokémon delivers unmatched generational appeal, collectability, and instant recognition for both homebuyers and locations.

Powered by Stern's SPIKE 3 technology, this dynamic machine brings the thrill of catching, battling rivals and training Pokémon in the silverball arena for the very first time.

Stern invites players to step up to the playfield and test their skills as Pokémon Trainers, battling rivals and facing off against the menacing Team Rocket in intense encounters.

Trainers embark on an unforgettable journey across four distinct habitats, discovering, catching, and bonding with many of their favourite Pokémon.

Players will shoot the illuminated, mechanically animated Poké Ball to catch Pokémon, build their ultimate team, and complete their Pokémon Collection.

The playfield also features beautifully crafted Pokémon-themed ramps, spinners, and targets. Watch as the animatronic Pikachu reacts to your gameplay, cheering you on every step of the way!

Trainers can battle their way through rival trainers and compete in the arena through dynamic, custom battle sequences. Danger lurks as Team Rocket and their infamous boss, Giovanni, plot trouble. The interactive Meowth Balloon toy swoops down onto the battle arena to challenge the Trainer.

Available in Pro, Premium, and Limited Edition (LE) models.
