Star Wars Comic Pinball

Star Wars themed Comic Art pinball machines will be available in Pro and Premium Edition models.

Star Wars themed Comic Art pinball machines feature the artwork of one of today's most popular artists, Randy Martinez. Randy has been illustrating for over 30 years receiving countless accolades of his work. Through a broad spectrum of his skills, Randy has been creating cartoons, caricatures, illustrations, paintings, and 3D art for Lucasfilm since 1999.

Randy's art first appeared in *Star Wars Kids Magazine*, before he quickly moved on to create cartoons and caricatures for *Star Wars Insider*. Randy was chosen to create the official key art for *Star Wars Celebration IV*, *Celebration V* and *Celebration Europe*.

"Fans of both pinball and *Star Wars* will be impressed by this hand-drawn comic artwork. It is stunning and captures everything a true *Star Wars* fan could ever want in their pinball machine," said Gary Stern, Chairman and CEO of Stern Pinball, Inc.

The *Star Wars* themed *Comic Art Pro* and *Star Wars Comic Art Premium* machines made by Stern are packed with features that provide an irresistible game experience. The game includes select dialogue and footage from the original *Star Wars* trilogy, colour-changing LED-lighted inserts, and a sculpted TIE fighter. All models feature two LCD screens. The Premium model also features art representing an exploding *Death Star*, a sculpted LED-lit *Millennium Falcon* and an interactive hyperspace loop that encircles the playfield and can accommodate up to 5 pinballs at once.
