Monte Carlo Gemstar

Monte Carlo is a dual screen digital Cat C multi-game compendium housed in the Gemstar cabinet (Eclipse conversion).

Comprising a wide selection of familiar Electrocoin games along with some new exciting ones.

The Monte Carlo feature can be won from any game that shows the trail on the top screen.

Letters are added to the trail for every game played, taking advantage of 100% holdover.

Complete the trail to award one of five exciting features or the bronze, silver or gold pot.

Configurable menu allowing up to 18 games to be operator selected from a choice of 22.

Operator selectable stake and prize options.

Full accounting back-end provides accurate and easily accessible metering information.

Fully configurable system allows operator full control of machine configuration.
